

With thanks to our funders, donors and volunteers.

Despite a year of various lockdowns and uncertainties,
with your support, we were able to:

I like the on-going support
with lots of different issues

Thank you for making me feel
that there is help out there
when I need it

Alleviate isolation through providing:

1025 people with wellbeing calls

263 befriending calls

109 home visits

512 people visited
our centres or
attended our
social activities

720 people attended
our award winning
virtual social groups

Increase independence:

556 people
received advice and
demonstrations of
independent living
and vision aids

152 people received
support from our
Employment Service

I wouldn't know where I would be
without Support4Sight.

Everyone is great and it is really
helping with my confidence.

With your continued support in 2022
we hope to deliver more help, to more people, in more ways!
